

BODY RECOVERY TEAM

Assisting Coroners, Funeral Homes, Fire & EMS Agencies

"All situations are handled with great respect, dignity, and confidentiality."

We assist with difficult body removals by providing trained and certified biohazard technicians. We use specialty equipment to get the most difficult removals completed.

"You can prevent back injuries and workman's compensation claims by using our trained technicians."

- BARIATRIC REMOVALS - UP TO 1,500 LBS.
- BODY RECOVERIES IN HOARDING SITUATIONS
- DECOMPOSITION RECOVERIES
- DIFFICULT BODY RECOVERIES
- AMPUTATIONS & ENTANGLEMENTS
- BARIATRIC COT & TRANSPORTATION AVAILABLE

Our Specialty Equipment: Bariatric chain-hoist lifting systems, rope haul systems, cart haul systems, saws, specialty equipment, and bariatric body bags.

We respond with all personal protection equipment including tyvek suits, masks, respirators, and gloves.

Salvage equipment to protect the structure from further damage: salvage covers, tarps, and runners.

Our certified technicians are trained, bloodborne pathogen certified, hepatitis vaccinated, and mask fit tested. We meet OSHA standards. Most personnel are firefighters and medics. We have ABRA (American Bio-Recovery Association) certified biohazard personnel.

NATIONAL BIOHAZARD EMERGENCY RESPONSE TEAM
